You all have been notified of this Suit because you own property overlaying the subject groundwater basin. As shareholders of Pleasant Valley Mutual Water Company (Company), and not directly extracting water from the basin, the Company is taking the lead on your behalf and entered into agreement with A-to-Z law (The Firm) to represent the interests of the Company and you as its Shareholders. The Directors of the company are receiving regular updates on the progress of the case and will post any developments in the case on the company website. The attorney from the firm that is working closely with the company has experience in this type of case as he and the firm were also involved with a similar case here in the country recently.
